## Project Description

After an International call for tender, Avatar Learning Inc jointly with the "Global Technologies Solutions started working on:

The deployment of the BNI online training Platform

The project consisted in :

- The installation of the Moodle 3.4 Platform
- The installation of the virtual class « BigBlueButton »
- The training, the skills transfer for the project team alongside with the creation of manuals and tutorials for the training to be given to the different participants and attendees
- Assisting the Top Management in the development of a strategic approach to the elearning adoption for the "improvement of human capital skills at NBI.

This mission has been extended in 2021 to cover the development of the following « plugins »:

- Scripting/automating the alerts and the notifications.
- The psycho-personal profiling of learners.
