Project Description

SIT E-Learning Solutions in consortium with Avatar Learning Inc has been selected by the IMBG after an international call for tender to undertake the project of digitizing its academy and deployment of the e-learning project:

- Installation, configuration and the setting of the Moodle platform in the GIM-UEMOA website. With the BBB virtual class on their IT infrastructure
- Training, skills transfer and assistance for the project team and the administration of the platform alongside with the creation of manuals and tutorials for the training
- The digitalization of 15 units, with a possible increase reaching a number of 22 units.
- Coaching the trainees on online facilitation and on manipulating the platform. The duration of this project is 4 months.
